

FA1014/S

10.1 inch 3G SDI field monitor

Introducing FA1014, Lilliput's powerful new addition to the field monitor range. Featuring multitouch capacitive menu functionality and a crystal clear IPS panel, things seem even better for the film maker with an eye for quality.

Optimised for the professional film maker, the FA1014/S is a prime example of Lilliput's push for higher and higher quality products using the latest technologies. The IPS screen panel is the latest in the range of high resolution LCD technology to give you more detail on the screen.
