

## Features

- *Part number FLUKE-116/323 KIT*
- *Manufactured by [Fluke](#)*
- Fluke 116 HVAC Multimeter:
  - 600 V max between terminal and earth ground
  - 6 kV peak per IEC 61010-1 600 V CAT III
  - 6,000 count display
  - Display updates at 4/sec
- Fluke 323 True RMS Clamp Meter:
  - 400 A ac current measurement
  - 600 V ac and dc voltage measurement
  - True-rms ac voltage and current
  - Resistance measurement to up to 40 k $\Omega$

The Fluke 116/323 KIT HVAC Combo Kit is designed as a complete solution for HVAC troubleshooting. The 116/323 provides the ability for HVAC professionals to troubleshoot and solve problems more efficiently by providing all the needed accessories an HVAC professional would need with one purchase.

The Fluke 116 multimeter was specifically designed for the HVAC professional. It has everything needed in an HVAC meter including temperature and microamp measurements to quickly troubleshoot problems with HVAC equipment and flame sensors.

The Fluke 323 True RMS Clamp Meter is designed to perform in the toughest environments and provide noise-free, reliable results users can trust to confidently diagnose problems. True-rms measurements and optimized ergonomics make the 323 Clamp Meter the best general troubleshooting tool for commercial and residential electricians.

The 116 includes:

- TL75 test leads
- 80BK integrated temperature probe
- Holster
- User's manual
- 9V battery

The 323 includes:

- 323 True-rms Clamp Meter
- Test leads
- Soft case

- User manual
