

Specifications :

Model :	TG220 (200X-2.0MP)
Camera Type :	Color CMOS Camera
Sensor :	1/3 image CMOS
Resolution :	2.0M Pixel
Image Pixel :	640X480, 1280X960, 1600X1200
Image Quality :	Highest Definition
Illumination :	8 pcs white adjustable LEDs
Frame rate :	10fps@1600X1200, 15fps@1280X960, 30fps@640X480
Signal Interface :	USB2.0/USB1.1
Power Source :	USB5.0V DC
Power Consumption :	0.75W MAX
Magnification :	5X ~ 200X base on 17" Display
Object Distance :	0 ~ 300 mm
USB Line :	2 m
Dimension :	36mm (Diameter) X 120mm (Length)
Software :	Snapshot, Video Recorder, Take Time lapsed Picture, Measurement and Calibration

Features :

- Handheld digital microscope
- High speed access: USB 2.0
- High resolution up to 2.0M Pixel: Excellent images
- Independently developed display software: Snapshot, Video record, Measure etc
- You can see the picture clearly in full screen of your PC

Package :

- 1 pcs USB Microscope
- Application software CD
- User manual
- 1 pcs Stand + 2 pcs transparent covers + 1 pcs calibration ruler

Minimum System requirement :

- Pentium III 600MHZ and 256MB RAM Above
- Windows XP SP2 / Vista / 7
- Available USB1.1 / 2.0 port
- Recommended 17" PC Display
