

TG511AM

- Electrical data measurement makes it easy such as DCV, ACV, DCmA, Resistance and Leakage current for Diode
- Japan made Moving Pointer provides High Speed Respond & Accuracy Reading
- dB Scale direct reading and save complicated Logarithmic Calculation
- Direct reading of hFE (DC Amplification factor for Transistor)
- Meter is throughout by Double Insulation Protection & comply with IEC/EN61010 CAT II 1000V International Safety Standard

Feature	Range	Accuracy
AC Volt	1000V	FSD ±3%
DC Volt	1000V	FSD ±3%
DC Current	250mA	FSD ±3%
Resistance	20Mohm	FSD ±3%
dB	-10dB ~ +22dB (10VAC range) upto 62dB	FSD ±4%
hFE factor	0-1000	FSD ±5%
Weight	300gram (w/ battery)	
Size	150L x 100W x 36H mm
